

We have been extraordinarily pleased. AdGap has been an awesome partner. If I had it to do again, this would be a no-brainer.

Our partnership with eBay began in March of 1999, when we were awarded the contract to produce all branded merchandise for this e-commerce superstar. In the brief time that has followed, our partnership has blossomed to include delivery of the following integrated services:

The eBay Online Store (www.ebaystore.com)
Online Store Customer Surveys
(www.adgap.com/surveys/ebay/ebstore.htm)
Global Sourcing of Custom Bean Bag Toys
Customer Loyalty Programs
Trade Show and Event Marketing Programs
Employee Goodwill Programs
Investor Relations Programs
